I developed ***3* Goddess Readings** that are great on their own but within the context of a personal journal, you can really delve in to these gifts and characteristics which are yours by Divine Right. As you get to know the Goddesses, more of your own nature is revealed and brought to the surface of your consciousness so you begin to more actively express these same aspects of your Being in your everyday life. Each reading has its own purpose:

~ **Access Your Ancestors** ~

... are the Goddesses that remind you of your lineage, both blood and Spirit.

~ **Access Your Team** ~

... are the Goddesses you can call on for assistance at this time.

~ **Access Your Center** ~

... are the Goddess guiding your current evolution.

I recommend getting new readings once the journal pages are filled, how long that takes is unique to each individual. I find they last 1-3 months to fill the journal pages and by then, I am **READY** for a new reading. ***Note:** As you work with the *Goddess Knowledge Cards*, patterns begin to emerge and very often you end up with certain Goddesses who show up repeatedly. Pay special attention to them and their gifts. They are yours.
