

***LUNAR* Audio Sampler ~ Initiating 2011
Post Call *Notes***

*This is a very important practice.
Live your daily life in a way that
you never lose yourself.
When you are carried away with your
worries, fears, cravings, anger, and desire,
you run away from yourself
and you lose yourself.
The practice is always to
go back to oneself.
~ Thich Nhat Hanh ~*

To my Power Circle Community Members ~ it is because of YOU that I even have this *Offering* to make, and I am eternally *Grateful* for your *Energetic* Contribution, Friendship and On-Going Support. I look forward to more years of sharing the Path of Discovery we call *Life*. Rhythms, Patterns and Cycles being what I'm "in to" ~ I also HONOR the *Ebb & Flow* ~ recognizing that, for everything, there is *a Season and a Reason*. I've been *Tracking* the patterns of the Power Circle and noticed some distinctions in the *Usage & Application* of the Tools I share. This has IN-Couraged me to HONE my *Offering*.

Most of you receiving this first are already involved, so this page, along with the *3* Audios herein, are for those who would like to experience the calls before contributing any further. My Spring goal is making a conscious effort to *INVITE* MORE people to join the calls and the Power Circle Community. Many of you already *share* KarmicTools with others so please feel free to share THIS LINK whenever you feel called to. This information will be vitally useful throughout the year (2011). Our Gatherings and on-going focus will create a sanctified space of mutual support.

*** Kelly M Beard * Intuitive Astrologer * KarmicTools.com * Kelly@KarmicTools.com * (301) 541-7695 ***

The *Lunar* Tele-Gatherings ~ are when we check in with the Full Moon/New Moon, planetary energies twice a month and honor the ebb/flow of daily life by aligning our Individual/Personal goals with the Moon's rhythm. This alone, guides us on when to *plant or prune*. Each month, we also gather to go over one major planetary shift or alignment affecting the Social/Collective realms, including Retrogrades, Nodes & Eclipses. The gatherings for the Sacred Seasons are done in LIVE Ceremonial Circles when possible, but available via phone or online as well. I would *LOVE* to hear from anyone with Sacred Space to accommodate small, intimate gatherings (of 10-15 people) and/or 3-7 day retreats. I absolutely cherish my online community. I am also feeling called to gather in person when there is a *Vibrational Match* and things flow organically. eMail Kelly

These Gatherings are *DELICIOUS* for those people who:

- Are passionate about managing their own energy
- Are deeply dedicated to serving their unique purpose
- Are joyfully committed to accomplishing their goals
- Like knowing the *Cycles & Seasons*
- Like working the *Monthly & Annual* Cycles specifically
- Like the Group dynamic of *Energetic* Support

*Our deepest calling is to grow into
our own authentic self-hood,
whether or not it conforms
to some image of who we ought to be.
As we do so, we will not only find the joy
that every human being seeks --
we will also find our path of
authentic service in the world.*

~ Parker J. Palmer, Activist ~

The energy of these tele-gatherings has also evolved over time, with the powerful group dynamic and the alchemical mix of people who constitute the Circle. The Power Circle is an amazing (and growing) community of master teachers, dedicated students and lightworkers of all walks, sharing this Path. My intention is always to create Sacred Space for those who like to listen and gather information, as well as those who like to share their *Illuminations, Discoveries and Ah-HA* moments. (Online Radio is in our future.) You can pop-in for *Infusions* periodically or there are a couple of Subscriptions to choose from which support the site & keep a steady stream of energy, info & support flowing to you in Divine Time & Order. You have an *Open Invitation* to the Power Circle Gatherings ~ Anytime!

Also, please consider that much of what I do is in both *WRITTEN & AUDIO* Form, so there is always information available that you can apply immediately, no matter your personal preference. I am dedicated to supporting those consciously working their own process and am happy to address any questions or concerns you have along the way. Below you will find SEVERAL *Audios, Activations & Additional Tools* that will *Support & Guide* you throughout the year of 2011. Be sure to scan all the way to the bottom of this web page at least once to see all that is offered, then double-back over that which *speaks* to your Soul.

You can Contribute \$5/mo and *Gratitude* Goodies Include: Monthly Articles, Audios & Personal Astro Reports **This one is best for those who prefer to *READ* and will only do one call per month, if that. ~OR~ You can Contribute \$30/mo and *Gratitude* Goodies Include: In-Depth Audios, Individual/Collective Activations & Additional Tools & Resources **This one is best for those who prefer to *LISTEN* and want ALL CALLS / ALL YEAR.

I wanted to experiment with consolidating the TWO calls I do each month ~ New & Full Moon ~ into ONE call. It did NOT work so well for the Lunar energies as they are two different *processes* and our focus should be dedicated accordingly. However, these *3* Lunations really do *Initiate* the year of 2011 and organically unfolded as Guidance for the entire year! Re-Listening at the Quarterly turn of the Sacred Seasons (Solstices/Equinoxes) or 3-times this year when Mercury Retrogrades, are good times to review what got initiated and how well you've remained *ON* Track (thus far).

These *3* Lunations/Calls also led to *NOW* ~ the first *3* High Moons of Spring ~ *Initiating* the natural Earthly Annual *Rebirth*. I found them all tremendously useful reminders for navigating each quarter and I highly recommend them to you. Each is only a little over one hour and I've created a *Journal* that has all the PDFs included, as well as pages to hold your thoughts, ideas & revelations ~ based on the *Intentions* you've set. It is available upon request & *FREE* with ANY Subscription.

I encourage you to review the Audios, Additional Tools, Charts and Resources offered herein. Consider it a *Sample* of what we do at the average Power Circle Tele-Gathering. Ultimately, I consider these calls an *Energetic* Collaboration and the goal of getting together is to *Recalibrate & Raise* our Individual & Collective *VIBRATIONS*. You do NOT have to be an astrologer to *Receive* the benefits of these gatherings either. It's ALL *Energy*. My primary focus is: Patterns, Rhythm & Cycles. You don't necessarily have to track the cycles because that's what I'm doing ;-)) I remind you of where we are *IN* the cycle so you can *Respond* according to your Nature and what is supported by the active energies around the planet. We do *Meditations and Prayer-Work*, creating a powerful group dynamic that carries each of us (energetically), as we navigate our Individual Paths each month.

***AQUARIUS* New Moon ~ 2.2.2011**

Guidance for NEW Pattern of Health & Freedom Initiating.

"Creating a new society means because you are physical, anything you visualize becomes physical with you. That's the rule. Everything's created through the physical and metaphysical. So understand that what you're doing in this new time is anchoring the connections of the new society into this society. So it's less important for you to change this society than it is for you to visualize the new society. Do you understand what we're saying? Take your energy and place it where you want it. Live your destiny and know that it's being given to your planet through your being and your essence, your body, your cells, your osmosis.

Meditations & Divine Guidance: (cont'd)

When you ground, put your feet flat on the floor, shoulder width apart, and anchor the light of the divinity of the etheric oneness of all time, which is where you are living your life, through your cells into the core of order in the Earth. You have roots coming out of the bottom of your feet. Grounding is imperative. What's going to happen if you don't ground, is you'll become a bundle of nervous energy because you are running so much current. You can see, and you know it's alive, but if you don't ground it, your life won't change. Please understand that. You've got to trust your body with your spirit."

***LEO* Full Moon ~ 2.18.2011**

Guidance for FINAL Piece/Step to Release/Complete the Self-Love Work.

"Right now, you are establishing integrity. And it may take ten times longer the first time to establish that integrity. So what? Because if you don't establish the integrity, it won't hold together. You are building bridges between the old and the new, which means you want to preserve the things that function well from the old paradigm, and use the new paradigm to accelerate the momentum. So the energy, the funding, the capacity, are all there before you even begin it. You know that, so you are not worried about those things. What you're logically setting down are your points of foundation. They may be people, process, proposals, connections, junctions, linkages, or bridges. Whatever they are, they have to be covered before you'll feel comfortable.

So anything that you begin, if you feel uncomfortable about it, say, "Wait a minute, we need another foundation point here. What is it?" First you open to get your holographic picture, and then you start plotting. Plot it circularly, that's fine. And when you're finished plotting it, say, "All right, does it feel complete?" And it may not feel complete. The part of you that is going to let you know it's complete or not, believe it or not, is the logical part. You're learning to see it holographically and open out to it, so that the whole picture is always present. Then the logic can do the details. But you're always in the creative mode, and that is a marriage."

***PISCES* New Moon ~ 3.4.2011**

Guidance for Crossing Borders & Bridges in to NEW Territory.

"The foundation of your changing tracks is making the conscious decision that you are now ready to look at the fear as if it's a message rather than a killer. It's not going to hurt you, because it brings you something. Have a showdown with it. But YOU, personally, don't have a showdown with it, because it's not up to you. It's not about your personality having a showdown with fear, because that would be a set-up. The fear is stronger by your own admission, so the fear is going to have soul as its adversary, because the soul is strong enough, the soul is immortal, it can't be killed. So you're starting out with a hero or heroine that you know can win, and you're starting out with fear which is going to be the guy that gets put six feet under. This is the objective. You have strength to deal with this, and it's really going to work, so it's not some kind of set-up. Until the soul states its position, the fear has to acquiesce because the soul is the place where the deepest point of Free Will is expressed in the Universe and in this context, we're talking about here on Earth.

*** Kelly M Beard * Intuitive Astrologer * KarmicTools.com * Kelly@KarmicTools.com * (301) 541-7695 ***

***PISCES* New Moon ~ 3.4.2011 ~ (cont'd)**

You speak to the fear, because it's really a messenger of the soul to get the soul to come out and acknowledge and start living what's in there. It's basically a done deal. Your deepest fears are unexpressed energies that have not yet found form and direction. So if you bring the fear out and look at it and see what's there, you realize what part of your soul hasn't come forth and been born. The fear stops it from being born. So the soul has every right to rear up and say, "I want to be born." And because of the free will process, the mind has to give permission for the soul to exercise that. It's getting harder for the mind not to give permission as the critical mass is unfolding and the acceleration curve is evolving. There's more energy of awareness than ever before. Souls are really learning to express, and yet it's still a part of the dynamic that is supported by society that it's natural to have fear."

VIRGO: Trust is Within You

***VIRGO* Full / Super Moon ~ 3.19.2011**

Guidance on Preparing to Pass thru Borders, Portals & Gateways.

"The other thing that happens as soon as you feel the safety is that it's as if trust comes down to meet you, because you've always thought of trust as something you have to have, not something that exists inside you. Everybody thinks about it that way. "I don't have enough trust." Listen to people. They don't say, "I am not enough trust,:" or "The trust is not enough in me." They say, "I don't have trust," or "I don't trust you," or "I don't trust that." They never experience that it already belongs to them, because they think about defining trust as something external.

You already have the trust inside of you. It's built on that safety, and when you're in the soul you always have those three components at the same time - the soul structure, the safety, and the trust. So as that balances in you, it is amplified so that people come to you and begin to have a state of trust with themselves. And that's valuable. If you can impart even that one little iota of consciousness to somebody so they have trust within themselves, their lives will change, because after that they can walk around, and they have PRESENCE."

***SKUNK* ~ 7 ~ Reputation**

In Skunk medicine, it is good to learn how to handle energy flows. Modern psychologists call this body language. In tribal teachings, this is your personal medicine which you are showing to others. Use your medicine well, and know that you are known by your reputation. How you use your energy will attract either honor or disgrace. You may want to examine what energy you are putting out that creates your present situation. If you have chosen this symbol, you are being asked to notice the kinds of people who are attracted to you. If they emulate favorable characteristics, have enough self-esteem to recognize those characteristics within your Self. Walk tall and be proud of the accomplishments you have made. Bear in mind that what you believe about your Self is your ultimate protection. Project self-respect!

***VIRGO* Full/Super Moon ~ 3.19.2011 ~ Medicine ~**

***RAVEN* ~ 16 ~ Magic**

If you have chosen Raven, magic is in the air. Do not try to figure it out; you cannot. It is the power of the unknown at work, and something special is about to happen. The deeper mystery, however, is how you will respond to the sparkling synchronicity of this alchemical moment. Will you recognize it and use it to further enhance your growth? Can you accept it as a gift from the Great Spirit? Or will you limit the power of the Great Mystery by explaining it away? It may be time to call Raven as a courier to carry an intention, some healing energy, a thought, or a message. Raven is the patron of smoke signals or spirit messages represented by smoke. So if you want to send a message to the Blue Road of spirit, in order to contact the Ancients, call Raven. Or, who knows, the Ancients may be calling you. Remember, this magic moment came from the void of darkness, and the challenge is to bring it to light. In doing so you will have honored the magician within.

***PISCES/VIRGO* Combo ~ March 2011 ~ Medicine ~**

***SWAN* ~ 39 ~ Grace**

Swan told Dragonfly many of the wonders beyond the illusion. Through her healing and her acceptance of the state of grace, she was given the right to enter the Dreamtime. So it is that we learn to surrender to the grace of the rhythm of the Universe, and slip from our physical bodies into the Dreamtime. Swan medicine teaches us to be at one with all planes of consciousness, and to trust in Great Spirit's protection. If you pulled Swan, it ushers in a time of altered states of awareness and of development of your intuitive abilities. Swan medicine people have the ability to see the future, to surrender to the power of Great Spirit, and to accept the healing and transformation of their lives. The Swan card is telling you to accept your ability to know what lies ahead. If you are resisting your self-transformation, relax; it will be easier if you go WITH the flow. Stop denying that you know who is calling when the phone rings. Pay attention to your hunches and your gut knowledge, and honor your female intuitive side.

~ *Past/Completion/Below/Lower* ~ Innate Gifts You Have Mastered ~

***DRAGONFLY* ~ 27 ~ Illusion**

If Dragonfly has flown into your cards today, you may have forgotten to water your plants. On another level, you may need to give thanks to the foods you eat for sustaining your body. On the psychological level, it may be time to break down the illusions you have held that restrict your actions or ideas.

Divinations: (cont'd)

Dragonfly medicine always beckons you to seek out the parts of your habits which you need to change. Have you put on too much weight, or have you started to look like a scarecrow? Have you tended to the changes you have wanted to make in your life? If you feel the need for change, call on Dragonfly to guide you through the mists of illusion to the pathway of transformation. See how you can apply the art of illusion to your present question or situation, and remember that things are never completely as they seem.

~ ***Future/(Re)Birth/Above/Higher*** ~ **Next Level of Mastery** ~

***DOG* ~ 14 ~ Loyalty**

If Dog has been yelled at or paddled, it still returns love to the person who was the source of its bad treatment. This does not come from stupidity, but rather from a deep and compassionate understanding of human shortcomings. It is as if a tolerant spirit dwells in the heart of every canine that asks only to be of service. You can also see Dogs that have had the loyalty beaten out of them. They cower and cry at the slightest look of disapproval, but this is not their normal nature. Some varieties of Dogs have even been trained against their natures to be brutal and vicious. Out of a sense of service, these breeds have adopted the attack-oriented desires of their owners. They carry an altered genetic memory of what service means if they are to be approved of by their masters. Dog medicine asks you to look at how readily your sense of loyalty is countermanded by your need for approval. If you have pulled the Dog card, there are several questions you need to consider, depending on the situation about which you are asking.

- 1) Have I recently forgotten that I owe my allegiance to my personal truth in life?
- 2) Is it possible that gossip or opinions of others have jaded my loyalty to a certain friend or group?
- 3) Have I denied or ignored someone who is trying to be my loyal friend?
- 4) Have I been loyal and true to my goals?

A Spiritual Bath ~ to Cleanse Negative Energy from You & Your Aura - Add ingredients below to a bath, as hot as you can stand it, and soak for as long as you can, making sure your entire body gets submerged in the water. Meditate on cleansing all dead energy, stagnant energy and negative energy off your body, out of your mind and heart and away from your Sacred Space. Release it to be recycled in to useful energy. Add to bath water the following:

1 cup / white distilled vinegar

1 cup / coarse sea salt

1 cup / baking soda

Optional: aromatic essential oils (lavender, mint, lemongrass etc) / candles / incense / music-nature sounds ~ anything to further relax and release you from anything weighing you down.

The Burning Bowl ~ to Lovingly Release All Lack, Limitations & Blockages - write down everything you want OUT of your life, rip it up, burn it, and take the ashes to living water, thereby giving it to God to transform into useful energy. Allow the clearing, grieve and let go. You are clearing out any blockages to your current goals and creating a space for the new energy to come in.
