***Our deepest calling is to grow into  
our own authentic self-hood,  
whether or not it conforms  
to some image of who we ought to be.  
As we do so, we will not only find the joy  
that every human being seeks --  
we will also find our path of  
authentic service in the world.***

*~ Parker J. Palmer, Activist ~*

I proposed a theory on the Weekly Audio (7/16) that \*between\* the Capricorn Full Moon (7/15) and the Leo New Moon (7/30) ~ we are \*Digesting & Assimilating\* the latest round of back-to-back Activations. During this time we are also being extended a type of \*Grace\* period, in that, we have no "big" Planet-to-Planet Activations (we have several "little" ones) and the Moon is our \*Guide\*. The Moon rules your \*Internal/Emotional\* Nature and how you \*FEEL\* about things. I suggested we use the next two weeks to internally \*Process & Integrate\* all that has transpired in the last 3-6-9-12 months (if/when we can). So much has begun, ended and/or changed permanently, between the Eclipses and the multiple, converging Cycles. Thank God that along the way, the Universe provides these delicious, organic \*opportunities\* for \*Down Time\*, similar to the Void-of-Course Moon. Every time the Moon is about to enter a new Sign, it takes a \*Time Out\*, sometimes it is 5-minutes, other times it's several hours (or even a full day or more). That is an indication that it is a good idea to \*pause\* before "shifting gears" or "shifting focus".

I think the Dates/Times (US/Eastern Time) of the VOC's are going to be useful for the next couple of weeks so you know when these \*Time Outs\* are happening and hopefully, you can align with them to do some of your personal work. The VOC's are the times you should be still, meditate, journal and contemplate on how life is unfolding for you. \*RECEIVE\* Guidance, pay attention to Nature, take a long bath, just BE. Once the Moon has moved in to the new Sign, then you can resume conscious activity and co-create on a whole new level. Now here is the \*juicy\* part, as the Moon spends 2-3 days in each Sign, it will \*connect\* with the larger themes (covered on the audio) and you will \*FEEL\* them, even if it is just a subtle awareness. For those of you who have heard the Weekly Audio, below you will find a mini-guideline to the Sign transitions. For those who have NOT heard the Weekly Audio, I highly recommend it as a complement to this article. It is only 35-min, but since we had no Activations to discuss, I went through a couple of the "larger on-going themes" and what they may be useful for.

Also relevant to \*Note\* is that going \*IN\* to this \*Grace\* Period was Venus (values/priorities) / Saturn (reality/foundation) and coming \*OUT\* of it will be Sun (identity/Source) / Uranus (change/liberation). We go in to it on a \*Square\* which means 'out of comfort zone/in to new territory', we must grow, change and make some decisions, hence the \*Time Out\* (to contemplate our next move). When we come out of it, the first Activation is a \*Trine\* which means 'blessings, ease and grace'. We go in to it with Cancer/Water and Libra/Air ~ Feeling/Thinking ... we come out ALL Fire ~ Creativity/Activity/New Spark of Life! So use this time to at least set a few intentions, this is the time to consider things on a deeply personal level (Moon). Try to \*FEEL\* the larger-theme-energies and really ask your Self how they can be useful to your current \*Evolution\*. Then track your progress in Quarterly increments to see what manifests from your \*focus & dedication\*.

On July 27th, Sun in Leo -trines- Uranus in Aries, this is an \*Annual\* Activation you can tune in to during the 7-years Uranus remains in Aries. This energy is going to \*Liberate\* ALL the Fire Signs (Aries, Leo, Sag) one way or another. Co-creating with the \*Awakener\* will \*IGNITE\* your Soul Spark again, activating your fiery Nature and authentic creativity. However, the \*trine\* suggests you must \*work-it\* consciously to yield the benefits. Uranus in Aries is affecting EVERYONE in some way, shape or form. (TBD - To Be Discussed in more detail on **7/21 \*FREE\* Tele-Class**).

**Evening + Full Day VOC ~ (on 28th - ALL of 29th - FRI OFF ;-))**

**7.28.2011 - 7:04pm - VOC - approx 33-hrs**

**7.30.2011 - 2:16am - Moon in Leo / NEW Moon @ 2:40pm**

For the purposes of this article, I have one final recommendation regarding the energy-work of the next two weeks. As you receive the gift of a Sun (identity) / Uranus (freedom) Activation, the Moon is going to go VOC for \*33\* HOURS between Cancer and the Leo New Moon (7/30) giving you a tremendous opportunity to focus on the \*Closure\* of the last (minimum) 6-months and \*shift gears\* to setting intentions for the Leo New Moon which will assist you in \*Translating the Light\* in your own unique and delicious way for the next 6-months (or more). All this \*energy work\* ~ and any focus, intentions or actual clearing you do at this time - is leading to THIS LEO NEW Moon! The NEW YOU! Your Authentic Self ~ Radiating Divine Love, Light & Truth ~ through your vehicle ~ through your expression ~ through your thoughts, words and deeds. Yummmmmmmmm!
