

The **Karmic Tools Weekly Forecast** covers the current planetary transits which affect people in different ways and to various degrees of intensity. Take notice when it is a Personal planet (Sun / Moon / Mercury / Venus / Mars) interacting with a Social (Jupiter/Saturn) or Collective planet (Uranus / Neptune/Pluto). And pay extremely close attention when it is a Social planet interacting with a Collective planet because that means something *\*big\** is brewing that will move large groups of people along their evolutionary paths. Tuning in to the energy and rhythm of the planets can serve as a useful *\*guide\** as you move along your Individual Path. It also helps to understand your place within the context of the larger Social & Collective Story. Below, you will find out how these energies tend to manifest, as well as guidance and direction. **\*NOTE\*** There are some days when there are NO CONTACTS (besides the Moon), please note that there are no missing entries, we just list the actual Activations of each week + the day they happen.

## **Weekly Forecast: February 5 - 11, 2012**

### **2/7 ~ Mercury (expression) ~conjunct~ Sun (core-Self):**

This energy will compel you to express yourself on many levels. Communication will be a focus, just make sure it is reciprocated. You will have access to some powerful energy that can (and probably will) make quite an impression on others (if you need to). This is a good time to travel if possible too. However, if not physically, than mentally and certainly within your own area, you will take in more information per square inch than usual. Pay attention! You may even gain the much deserved recognition from others you have worked so hard for.

### **2/9 ~ Venus (love) ~conjunct~ Uranus (unexpected):**

Expect the unexpected - that's all I can say! This energy makes you resistant to routine and drawn to new and exciting experiences - usually involving (in this case) love and relationships. Beware - a relationship may begin or end suddenly. If it begins, give it some time to discern its stability. One thing is for sure, it won't be "the usual" - it will be with an unusual person or at the very least, unusual circumstances. Whatever you do, enjoy it and pay attention to any innovative ideas that come up around this time - they could be useful down the line.
